

Our Vision

We aim to foster international collaboration in cybersecurity, promote ethical use of emerging technologies, and prepare security professionals for future challenges. Through this course, we seek to create a cohesive network of security experts who can work together to address pressing global security concerns.

Why Choose Us?

- RRU is a pioneering national security and policing university under the Ministry of Home Affairs, Government of India.
- RRU has global outreach and strategic academic initiatives.
- RRU is committed to advancing knowledge in security sciences and public safety.

About the Course

The "Security in the Digital Age" certificate course is a five-day program organized by Rashtriya Raksha University. This prestigious course brings together Malaysian students, researchers, and professionals from the Royal Malaysian Police and ASEANAPOL. Our expert faculty will provide insights into emerging technologies and their impact on national security.
