# INDO – SWISS BLOCKCHAIN FORUM ISBF 2026

9–11 February 2026

## About RRU

Rashtriya Raksha University, an Institution of National Importance of India, Pioneering National Security and Police University of India, Ministry of Home Affairs, Government of India, is established by the Parliament of India, Act No. 31 of 2020. The University aims to become an academic-research-training ecosystem for national security and police. Its endeavors focus on highly professional national security, police education, research, and training through its qualified civilian and security faculty, committed human resources, motivated participants and students, intellectually stimulating and professional disciplined environment, and world-wide network, sharing, and exchange. It aims at providing security and strategic education in the contemporary and futuristic security and strategic studies and interdisciplinary areas. The University contributes to the vision of India of Peace, Prosperous and Stable World in alliance with grand strategic cooperation between like-minded nations and promoting greater understanding between internal security officers, military and para-military forces, diplomats, civil servants, and civilians to promote the cause of the Nation. It adopts a two-tier approach, at the national and international levels, in its education, research and training, and extension in order to achieve capabilities to respond to the needs, expectations, and aspirations of the security and strategic institutions and forces as well as law-making, governance, judiciary, economy (agriculture-manufacturing-service sectors) and the civil society organizations.

## UZH University of Zurich

The University of Zurich (UZH) is Switzerland's largest university and a powerhouse of European research. Founded in 1833, it holds the distinction of being the first university in Europe established by a democratic state rather than by a monarch or the church. Today, UZH is a comprehensive university with over 28,000 students and a reputation for excellence across a vast range of disciplines, particularly in Medicine, Economics, and the Life Sciences.

## WHY SWISS ?

Switzerland's specialization in blockchain lies in its pioneering, innovation-friendly regulatory framework (specifically the DLT Act), a collaborative "Crypto Valley" ecosystem, and a strong integration of digital assets into its traditional financial sector. It was one of the first countries to enact comprehensive legal regulations for Distributed Ledger Technology (DLT) in August 2021. This "DLT Act" created legal certainty for tokenized assets and trading venues, a move that is technology-neutral and attracts global companies. The city of Zug, and the broader Greater Zurich Area, is known as "Crypto Valley," a major global hub for blockchain companies, startups, and foundations, including early movers like the Ethereum Foundation and Bitcoin Suisse. This ecosystem fosters collaboration between business, academia, and the government. Swiss banks and financial institutions, like the SIX Digital Exchange (SDX), have been authorized by the Swiss Financial Market Supervisory Authority (FINMA) to operate the world's first fully regulated, integrated trading, settlement, and custody infrastructure for digital assets.

## SPEAKERS

### Prof. Dr. Claudio J. Tessone

Head, Blockchain & Distributed Ledger Technologies group,  
University of Zurich (UZH)  
*Switzerland*

### Dr. Sheng-nan Li

Member, UZH Blockchain Center and postdoctoral researcher in Blockchain and Distributed Ledger Technologies group  
University of Zurich (UZH)  
*Switzerland*

### Benjamin Kraner

PhD student, UZH Blockchain Center and postdoctoral researcher in the Blockchain and Distributed Ledger Technologies group.  
University of Zurich (UZH)  
*Switzerland*

## WHAT TO EXPECT OUT OF THIS FORUM ?

The Indo Swiss Blockchain Forum (ISBF) 2026 is a 3-day workshop bringing together financial institutions, government entities, blockchain professionals, academicians, students, and enthusiasts from India, Switzerland, and beyond. Participants can expect hands-on workshops on blockchain architecture, smart contracts, and DApps; policy dialogues on regulatory frameworks; industry case studies from fintech and banking leaders; collaborative hackathons, networking sessions, and certification opportunities. The forum will feature panel discussions on CBDCs, Web3, supply chain security, and digital identity, alongside business matchmaking. ISBF 2026 aims to deliver research collaborations, startup incubation, skill enhancement, policy recommendations, and establishment of a sustained Indo-Swiss blockchain innovation corridor—contributing to India's vision of becoming a global leader in blockchain technology and digital transformation.

# FORUM STRUCTURE

## SCHEDULE - DAY 01

---

**Session-1** Blockchain Foundations: DLT Evolution, Architectures, and Financial Tokenization

---

---

**Session-2** Cryptographic Security in Blockchain: Wallets, Key Management, and Cyber Threats

---

---

**Session-3** Bitcoin and Cryptocurrencies: Architecture, Mining & Trading

---

## SCHEDULE - DAY 02

---

**Session-4** Ethereum Smart Contracts: EVM, Development, DApps, and Legal Security

---

---

**Session-5** DeFi Innovations: Token Standards, NFTs, RWAs, and Associated Risks

---

---

**Session-6** AML Compliance and Crypto Forensics: Frauds, FATF Standards and Enforcement

---

**Session-7** Next-Gen Blockchain: DAOs, Rollups, and Crypto-Resilient Architectures

**Session-8** CBDCs and Global Regulatory Frameworks: Models, Pilots, and Challenges

## REGISTRATION DETAILS

Category	Fee*
Working Professional	₹ 15000
Academician	₹ 10000
Students	₹ 5000

\*All cost Excluding GST

Note: Registration includes expert sessions, working lunch, and evening snacks and valedictory networking dinner. Limited fee waivers are available upon justified request.

Group Registration: Team Registration (4 or more than 4)- 500 waiver from total.

SCAN FOR REGISTRATION & PAYMENT

## ACCOMMODATIONS & LODGING SUPPORT

Boarding and lodging arrangements for participants can be managed on-campus at RRU on a sharing basis, subject to nominal charges (limited availability).

For Booking and reservations contact the assistance.
